# Big Business 11 ReadMe
## May 11, 2020

### Welcome to Big Business 11.37!

Big Business 11 upgrades the Database for high performance.  And high security.  And High Sierra.
Big Business 11.37 adds features for sending emails.
*Big Business 11 is not compatible with macOS Catalina.*

- new **Database**
- new Cache Manager
- new Cloud Server

- Updated for **macOS Mojave**
- Certified for **macOS High Sierra**
- Certified for macOS Sierra

- Certified for **Windows 10 April 2018 Update**
- Certified for Windows 7 and Windows 8.1
- Certified for **Windows Server 2016**
- Certified for Windows Server 2008 R2 and 2012 R2

To **Update** from an earlier release of Big Business 11, download and install the new Big Business Server.  Updating requires Support.

To **Upgrade** from an earlier version of Big Business, download and install the new Big Business Server.  Then, install new Big Business Clients and connect.  Upgrading requires Registration.
